INTERNATIONAL DRUG RING IS UNCOVERED BY U. S. OFFICIALS

High Ranking Officers And Business Men Are Involved In Ring

Germany, Japan and England Involved in Illicit Drug Trade

Germany Said to be The Chief Source of Supply

(By Associated Press)

New York, March 22.—Opening of a fight to curb the traffic of an international drug ring, said to be headed by business men of Germany, Japan and England, was announced here today by Dr. Carleton Simon, special deputy police commissioner.

Declaring high ranking officers of steamships plying between New York and Mediterranean and South American ports have been transporting drugs to this country, Dr. Simon said many raids are planned and developments of a startling nature are expected. The crews of six steamships now are under surveillance, he added.

The deputy police commissioner said the leaders of the ring have been identified, but that action against them was impossible, as the laws of their countries do not prohibit trafficking in narcotics.

Drugs manufactured in Germany, it is charged, have been carried from that country into Switzerland by means of underground passageways which have been discovered. Through Switzerland, these drugs, Dr. Simon asserted, have been transported to America, China, Japan and Italy.

TENTATIVE AGREEMENT IN WAGE CUT IS CLAIMED

Amicable Adjustment in Packing House Wage Squabble Indicated

Cabinet Members Remain Mute Regarding Rumor

(By Associated Press)

Washington, March 22.—As the cabinet assembled today to consider the controversy between the meat packers and employees, there were reports that a tentative agreement was being approached.

One plan being considered was that the wage reduction which went into effect yesterday should stand; that the packers agree to extend the Alschuler agreement providing for settlement of difficulties by a permanent arbitrator and that the eight hour day be agreed upon subject to peculiar conditions obtaining in the packing industry.

Parties to the conferences which have been conducted with Secretaries Davis, Hoover and Wallace, refused to discuss the report and cabinet officials maintained their silence. It was said, however, that a prospect of a tentative agreement has resulted from private conferences held by the cabinet officers last night with the packers' representatives and by Secretary Davis this morning with the spokesmen for the workers.

Referee Calls Match Off As Spectators Menace Contestant.

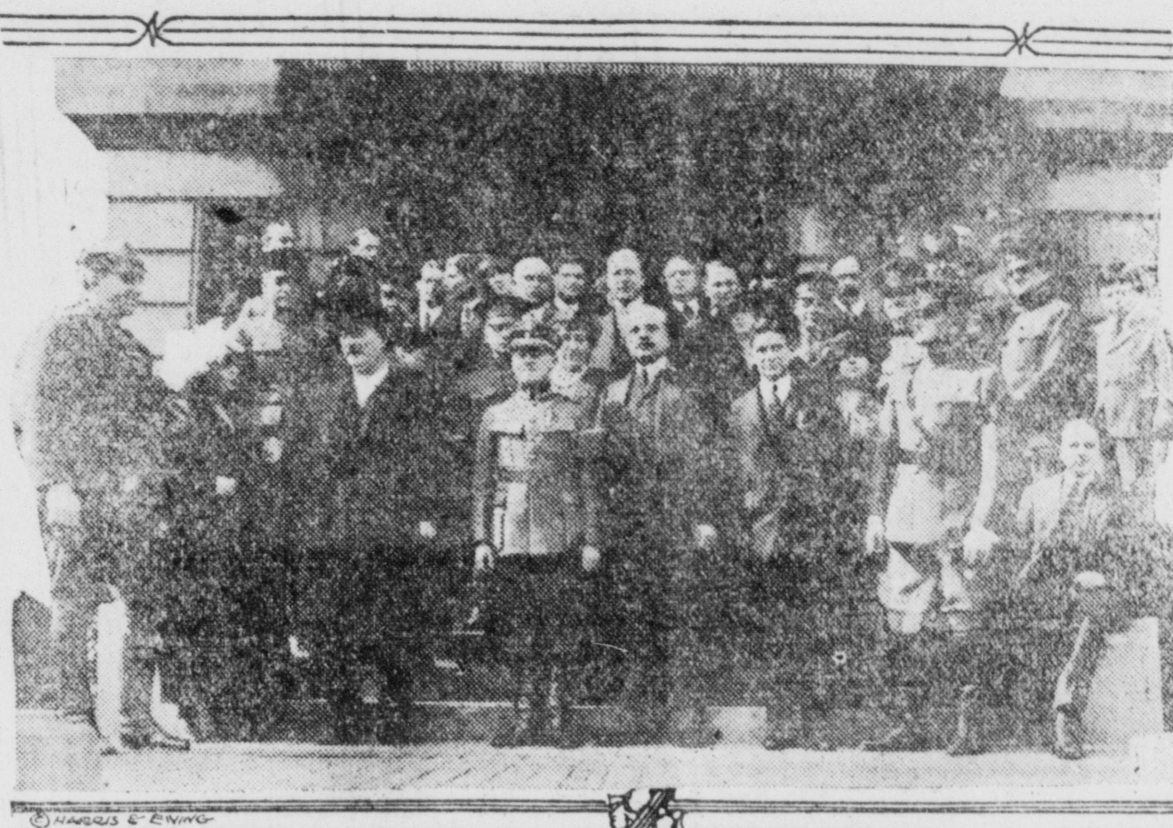

(By Associated Press)

Springfield, O., March 22.—Deputy Sheriff Landaker and Lewis stopped the wrestling match at Memorial Hall, Monday night after Chief War Eagle, who was wrestling George Kotsanos, of Columbus, attacked Dr. S. M. Scott, of Lancaster, referee.

The Indian wrestler made a protest to the referee that the Columbus man had bitten him on the forearm. The referee refused to allow the claim, and the Indian secured a headlock hold on Dr. Scott, throwing him to the floor, where he remained unconscious for several minutes.

Spectators crowded around the Indian, but he was hustled away by the deputy sheriffs. Dr. Scott refused to file any charges against the Indian.

The plant covered seven acres and comprised 85 houses. At 1:30 p. m. 50 of the houses were destroyed and it did not seem possible to save the remainder.

PROHIBITION MEASURES ARE HURRIED UP

(By Associated Press)

Columbus, March 22.—The Senate Temperance Committee today recommended for passage three measures designed to further tighten prohibition laws.

These included the Gordon bill to give justices of the peace general jurisdiction in their counties in liquor law violations; the Boylan bill providing that state and local prohibition enforcement officers may confiscate automobiles used in the transportation of liquor, and the McCoy bill to provide that only pure grain alcohol may be prescribed for medicinal purposes.

The latter measure is designed to offset the effect of former Attorney General Palmer's ruling that beer may be manufactured and prescribed for medicinal purposes.

The Senate Temperance Committee also recommended for passage the Gorell bill to require public schools to observe temperance day annually on the Friday nearest to January 16th.

DECKER ISSUES DENIAL THAT HE KILLED LOVETT

Sheriff Brands Statement As Wholly False

Denial Follows A Conference With His Attorney

(By Associated Press)

Warsaw, Ind., March 22.—Virgil Decker, 18 years of age, held on the charge of having murdered his 19-year-old chum, Leroy Lovett, of Elkhart, had a second conference today with his attorney, R. A. Buhler, of Ft. Wayne.

Following a conference late yesterday the attorney issued a statement signed by Decker in which the boy repudiated a confession given last week to the officers.

Decker's statement declared that the confession in which he admitted that he alone was responsible for his chum's death, was made after he had been promised by detectives that he would be sentenced to prison for only two years.

Sheriff Moon who was present when the boy signed his confession, today characterized the latest statement credited to Decker as "entirely false and so malicious that it is hardly necessary to deny it."

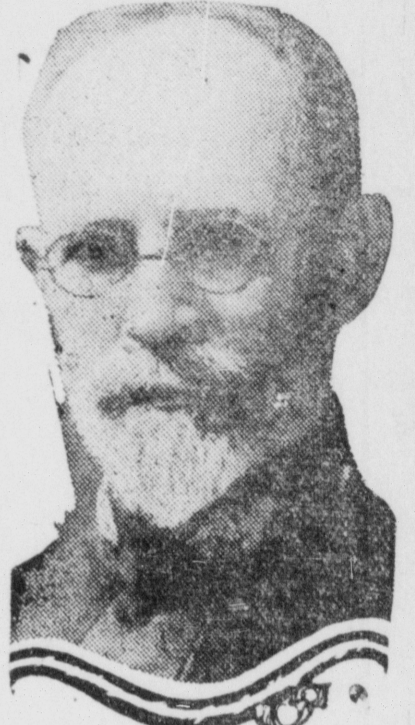

The grand jury will meet tomorrow to investigate Lovett's death.

GIRL SHOT BY JEALOUS WIFE DIES OF WOUND

(By Associated Press)

Springfield, O., March 22.—The premonition of Thelma Keller, 19, who was shot and wounded last October by Mrs. Monetta Snowden, that death was near, proved true today. She died this afternoon at the city hospital, after having lain helpless since the night of the shooting.

Mrs. Snowden last month pleaded guilty to the charge of shooting the girl with intent to kill and was given an indeterminate sentence in the Marysville reformatory.

The shooting occurred on the night of October 26, at the Keller girl's room. Mrs. Snowden accused the girl of being intimate with her husband, Frank B. Snowden.

CONSOLIDATE TWO DISTRICTS UPON REQUEST

New Board Named For Jeffersonville Takes Over All Work.

Amicable Readjustment of Question of Consolidation Brought About.

At the request of the two boards the County Board of Education has consolidated the Jeffersonville School District and the Jefferson Township Rural School District into one unit which will be known as the Jefferson School District.

The appointment of a school board, chosen from members of both old boards has been made as follows: W. W. Williams, C. D. Bush, Fred James, Eugene Booco and A. C. Daniels. The first three were formerly members of the Jeffersonville Board while Booco and Daniels were members of the township board. Bush and Booco were presidents of their respective boards.

Formal organization of the board will be made on the 28. Superintendent O. S. Nelson announces that the new executives will serve until November.

The question of a consolidation of some nature has been before the citizens of Jeffersonville and Jefferson township for some time. An election was held in which the sentiment was shown to be against the abandonment of the township schools and centralization in Jeffersonville.

The step taken by the boards is a popular move with the citizens, it is said by school officials, and at present time means nothing more than government of the two districts under a single unit instead of two boards as before.

It is understood that consolidation came about through an amicable adjustment reached on the question by the members of both boards.

The games were refereed by M. C. Meyers.

What Good Farm Implements Mean to You

Why You Need Them to Help You Make Money This Year

Land is plowed to hasten the processes of nature in restoring the fertility of the soil. Plowing is, therefore, the most necessary farm work; consequently, the plow is the most important farm implement.

Plowing with a poor plow is like expecting a healthy horse to do a full day's work on half feed. Poor crops can be traced straight back to poor seed bed preparation.

Good farm implements are necessary to raise good crops. A good seed bed cannot be made with a poor plow. Plows that handle easily, that are light in draft, that scour well, that run right, that have even balance and easy fitting parts are an economy.

Moline Plows are built in styles, shapes and sizes to fit every soil condition. The line is complete

from walking plows to tractor gangs. 54 years of progressive manufacturing experience is behind them. The famous Moline Acme Soft Center Steel Shares are standard equipment. These shares are fully guaranteed against breakage in fire and field.

Plowing season is at hand. In one season a poor plow will lose you much more money than the cost of a new one. It is false economy to try to make an old plow do good work.

Protect your crops by starting right. Plowing is the hardest farm work, yet the most necessary. Be ready when the time comes to plow. Good plows lower the cost of farming by increasing the yield per acre.

Our plow line will interest you. Be sure to look it over. It will pay you to come in and see us.

With the exception of one game the Upholsterers had little trouble in defeating the Business Men on the Y. M. C. A. alleys Monday night.

Business Men won the second game by a single pin, C. E. Lloyd, the last man up, was informed that he must strike and the spare, or vice-versa, to win the game by one pin. Dr. Harrington's Advice To Nerve Exhausted People

It is well worth while to read what a New York specialist has to say about the nerve and brain cell builder that Blackmer & Tanquary sells so much of these days. He writes:

"Let those who are weak, thin, nervous, anaemic or run down, take natural unadulterated substances such as Bitro-Phosphate and you will soon see some astonishing results in the increase of nerve energy and strength of body and body."

Bitro-Phosphate is a pure organic phosphate such as good physicians prescribe to create abundant nerve force.—Adv.

Exports and Imports

The report of the government Bureau of Foreign and Domestic Commerce shows an increase, in February, of our imports and a decrease in exports as compared with January of this year.

It seems that the figures of the Commerce Bureau disclose the existence of the conditions which are at the base of our unsettled and unsatisfactory domestic economic conditions and which should be corrected at once and must be corrected at once if financial and industrial conditions in the United States are to take a turn for the better.

The fact that our imports are increasing and our exports decreasing cannot be overlooked as an indication of the need for the establishment of foreign trade, nor as a proof that foreign trade is already, despite the unrest abroad, beginning to flow in currents which do not carry the proper proportion of America's surplus products.

The imperative need for the establishment of our position among the nations of the earth can not much longer be denied successfully. We have long since passed the mistake of believing that an association with the civilized nations is wholly an idealistic proposal of the impractical dreamers and have come to realize that upon some such an understanding among the nations as to trade and finance depends the whole practical fabric of our everyday business.

Our Streets Pre-empted

We assuredly do not want to be understood as placing or attempting to place any obstacles in the way of people who, nowadays, want to work.

However, unless it becomes necessary because of shortage of buildings and workshops, we do think our streets should not be preempted by those who repair automobiles.

Our streets and sidewalks are for the use of the public to travel from place to place as duty or pleasure calls. They were never intended to be used as repair shops or store rooms.

Just a little vigilance on the part of our officials would break up a practice which has developed into a positive nuisance, more through tolerance of the officials than any bad intent on the part of those who are enthusiastic in their work and their business.

Preparing For What?

There are many able and sincere advocates of peace who are insistent that the only way to maintain peace is to prepare constantly for war—that our program of navy and army building must be, with each succeeding year, more elaborate and more costly and burdensome to the people, else the danger of war is increased.

The program of navy construction proposed for the great powers is appalling in its immensity and cost. If adhered to there is scarcely a possibility that the national obligations can be met and the burden of taxation substantially lightened.

The discussion now, among officials and lawmakers, seems to have drifted entirely away from the disarmament proposals and has centered almost wholly upon the program of construction of war equipment.

History on every page refutes the argument of those who insist that only by being armed and prepared for war can peace be maintained.

From the time when primitive man carried his war club and his sling to protect himself from his neighbors, to the present time of enormous navies and armies, the world has armed itself for protection and wars have continued to curse the people of the world. Wars are more numerous and more deadly than ever and in the face of that fact some men persist in arguing for larger navies and armies.

While practical suggestions for spending billions in preparation for war are numerous, saving those billions for peaceful pursuits and promoting peace on higher principles than the rule of might, is passed by with comment only.

The world seems to be entering again the old pathways which lead only to war, although declared, as they always have been, to be the only paths to peace. While talking preparation for peace, unless there is a face about turn the world is preparing for war.

POETRY FOR TODAY

A LIAISON WITH FATE
I seek a liaison with Fate
That I may take him by the hand
And wander o'er this war-torn land
Where suffering souls were wont to mate
With hope, and dream of all that made
this life seem so worth while.

I seek a liaison with Fate
That I may show these hearts bowed
down
In grief; their beauty, youth and
hopes all gone,
The little child left desolate.
It could not be that God above could
send such woe to those he loved,
So it must be a Destiny that hated all
humanity.

I seek a liaison with Fate
That I may challenge him, my grue-
some friend,
To tell me why a saddened end did
come so truly when
He might have brought up joy and
Peace—
On earth Good-Will toward men.

I seek a liaison with Fate
That he may through this vale of
tears,
Of broken hearts and agonizing
years,
Some comfort bring, before too late—
Perchance to show it was the Test
Of Love, undying Faith that God
knows best.
That only He could lift this veil of
mystery.
Ah! would that Fate might make a
liaison with me!

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The family of Mrs. C. P. West, honored her seventy-fourth natal day, Monday with a very pleasurable evening dinner.

The centerpiece was a large birthday cake lighted with candles.

Seated with the honor guests, Mr. West and Miss Stella West were: Mr. and Mrs. Allen West and children, Mr. and Mrs. Elton Marine and little son, David, Mrs. Margaret Fulton of Bloomingburg, and Mrs. Robert R. West of Hillsboro.

With the Pyley home hospitably entertained and Miss Mary Pyley and Miss Clara Zimmerman the most attentive of hostesses, the Westminister Guild enjoyed a specially delightful evening Monday.

Twenty members and two visitors were seated for a delicious two course dinner at six o'clock.

The daintily appointed table had as

centerpiece an exquisite gold basket filled with hyacinths and narcissi, the handle tied with big gold gauze bow.

Miss Esther Leland, President, conducted the usual business meeting following the dinner and Miss Pyley read the closing chapter of "The Cross roads of the World." The new study books were given out.

The remainder of the evening was happily spent in conversation and working on comfort tops to be used in missionary work.

The next meeting will be held with Miss Helen Palmer.

Complimenting Miss Dorothy Thomas, who becomes the bride of Mr. Ansel Wright of South Charleston April sixth, Miss Marguerite McKillip, of Jeffersonville gave a prettily appointed six o'clock dinner, Saturday evening.

The table was beautiful with decor-

ations of fragrant spring flowers in yellow and white. Single jonquils arranged with asparagus phormosa in a hand painted bowl formed the central adornment. Exquisitely dainty place cards marked each plate—the honor guest's a bride, the others bridesmaids. Tiny yellow nut baskets were the favors.

A dinner of many delicious courses was served, a theater party enjoyed afterwards.

Miss McKillip was wearing a becoming gown of navy blue taffeta and Miss Thomas was very attractive in a handsome gown of black crepe meteor with trimmings of silk lace and jet.

Mrs. J. A. McKillip, the hostess, mother was assisted in the hospitalities by Mrs. J. E. Lanum.

The guests were Misses Clara Thomas, Frances Watkins, Helen Fults, Janice Wilson, Mrs. Hazel Del Rue, Donna Dorn, Florence Seibert.

Mrs. Carmine Coil, of the Jamestown pike delightfully entertained twenty eight children last Saturday afternoon in honor of the eighth birthday of her son, Walter.

The warm spring day and the large grounds of the county place permitted the children an afternoon of happy outdoor play such as they have not had since last summer. Mrs. Coil had provided new amusements in kites and balloons and the children were wild with joy as they saw the kites go high in the air and chased the lightly floating balloons, horse shoe pitching, a peanut hunt and all kinds of games rounded out a full afternoon.

The children only stopped their merry play long enough to enjoy the refreshments which Mrs. Coil served indoors and which were especially planned to please the youngsters. A center table was exceedingly prettily decorated with flowers and a large birthday cake, marbled in pink and white and on which burned eight pink and white candles.

The hostess was assisted in entertaining the children by her mother, Mrs. Mollie J. Hammer and the four brothers of the young host, Roy, Harold, Virgil and Charles Coil.

The guests were: Samuel Blackmore, William Blackmore, Margaret Isabelle Coil, Bobby Cook, Betty Cook, Lolita Cook, Harold Carr, Richard Carr, Delbert Carr, Mary Lee Carr, Mildred Grimm, Gordon Grimm, Doris Grimm, Thelma Hutchison, Marjory Hutchison, Martha Hegler, Paul Hegler, Jack Hicks, Lowell Probasco, Kenneth Probasco, Mary Catharine Probasco, Margaret Pine, Lucile Rine Willa Jane Thompson, Billy Thompson, Nancy Williams, Franklin Williams, Billy Yeoman.

Mr. and Mrs. Arthur Jones and family attended a birthday dinner given Sunday for the latter's sister, Mrs. Will S. Fawcett of near Sabina with eighty-eight in attendance.

It was Mrs. Fawcett's forty-seventh birthday and a cake with forty-seven candles was in the center of the table. The guests brought well filled baskets and after an enjoyable day left best wishes for many returns of the day.

Miss Light's advance piano pupils appeared in a studio recital in the spring series Saturday afternoon.

There were a number of guests and those who heard these pupils in earlier recitals marked with much interest the decided improvement shown in both technique and musical understanding.

There is quite a little real talent in the class, and the selections were well chosen and delightfully rendered.

Wednesday evening March thirtieth will be a red letter day in the calendar of Cherry Hill School for the teachers and pupils have planned a "regular" entertainment for that evening to which the public is invited.

The evening begins at six o'clock,

at which time a menu of delicious sandwiches, cakes, coffee, pop-corn balls and candy will be served, followed by a showing of stereopticon colored slides, the group to be selected from one of the four subjects, "Switzerland, A Tour Through the British Isles, Rocky Mountains, including the Yellowstone National Park and A Trip Around the World." A descriptive lecture will accompany the slides.

An orchestra made up of the pupils will play through out the evening and there will be speeches, dialogues and a pantomime.

Miss Corda McCafferty is the Cherry Hill, Principal and the other members of the Corps are: Misses Margaret Stonerock, Marie Bateman, Ruth Brownell, Bernice O'Brian, and Mrs. Lulu Davis.

In a series of attractive spring parties, Mrs. C. E. Lloyd has repeatedly thrown open her handsome home and on Monday and Tuesday afternoons entertained with her sister, Mrs. Henry Sparks, bringing these successive events to a close in two Kensingtons.

Both affairs were charming in every way—the atmosphere as hospitable and cheery as the spontaneous cordiality of the hostesses could create and the joy of spring radiating through decorations of unusual beauty. Filling the large living room, music room and hall with fragrance were roses, lilies, daffodils, narcissi, and apricot blossoms, accentuating the yellow color note, which was especially effective with the decorations and furnishings. Branches of spring blossoms added a most artistic touch to the dining room.

The home is so admirably adapted to entertaining that each afternoon found seventy guests accommodated with perfect ease.

The sociability of the Kensington was delightfully diversified both days by music and readings. On Monday, Miss Edith Gardner sang beautifully, her numbers "Her Eyes"—Mildredent—and "The Tree," the poem written by George Gilmer and music by Carl Hahn, calling out enthusiastic response.

Mrs. A. C. Keister was charming in readings, her entertaining story of "Thirty-nine Lovers," followed by a clever Irish poem and the guests were insistent upon still another encore. Mrs. O. D. Farquhar delighted the guests with a serious number, followed by two Italian Dialect numbers, in which impersonation she is especially gifted.

The guests of the second afternoon greatly enjoyed piano numbers artistically played by Mrs. Elmer Kleyer, and eagerly joined the hostesses in urging Mrs. John N. McFadden, always a favorite reader, to impromptu reciting.

Lovely little houthiers of sweet pegs were planned on the guests by Mrs. Sparks' daughters, Dorothy Florence Mabel and Marjorie, before the serving of a delicious collation introducing the suggestions and colors of Easter.

On Monday Mesdames M. E. Hitchcock, D. W. Waring of Montgomery, Ala., Arch O. Riber and Roy Hagler assisted in the hospitalities, and on Tuesday Mesdames Joseph Thompson, of Huntington, W. Va., Vert Briggs, Will O. Kleyer and Riber assisted.

Mrs. Lloyd was charming in clinging gown of navy blue crepe de chine, embroidered in roses, Mrs. Sparks attractive in a smart brown taffeta, with rust trimming and pretty touch of color in a corsage bouquet of jonquils. The three young daughters made a winsome trio, Dorothy wearing an embroidered dress of Alice Blue Jersey; Florence Mabel a pattern dress, handsomely embroidered, all white, and Marjorie light blue silk.

Mrs. Joseph Thompson, of Huntington, W. Va., a sister of the hostesses, Mrs. D. W. Martin, of Montgomery, Ala., and Mrs. J. Fred Kanute, of Williamsport, were out of town guests.

A number of relatives and friends gathered at the home of Mrs. William Sanderson in Millwood, Monday evening for a farewell visit with Mr. and Mrs. Elsie Sanderson and son, Scott, who left Tuesday for their new home in Loveland. Mrs. Sanderson was assisted by her son, Charles, in extending hospitality.

The evening was a very jolly one, with games, refreshments and sociability rife.

Those who participated were Mr. and Mrs. D. L. Miller, Mr. and Mrs. W. B. Jones, S. Plymouth, Mr. and Mrs. Wert Compton and son, Mrs. Walter Girard, Mr. and Mrs. Harry Henkle.

Mrs. Joseph Thompson, of Huntington, W. Va., is visiting her sisters Mrs. C. E. Lloyd and Mrs. Henry Sparks.

The three months old baby of Mr. and Mrs. Robert Haines is seriously ill with pneumonia at their home on Briar Avenue.

Mrs. Robert West returned to her home in Hillsboro, Tuesday morning after a visit of several days with her brother-in-law, Mr. C. P. West and family.

SHARP DECLINE
IN EGG PRICE
IS SPECTACULAR

Humpty-dumpty never had such a fall as that which precipitated the price of his kin during the last three days.

Eggs Tuesday reached a low price unattained since the Kaiser started his war in the fall of 1914. They were selling in local groceries Tuesday morning at 22 and 22c per dozen while the buying quotation was 18 cents.

Here is the way the scale graduated in putting more eggs on the breakfast tables of the citizens of Washington than has been seen before for almost years: Saturday 24.25 cents; Monday 20-24 cents; Tuesday, 18-22 cents. At another store here is the way they went down: Saturday, 22-26 cents; Monday 20-25 cents; Tuesday 18-22 cents.

EXCHANGE CLUB
LAUNCHED WHEN
FOURTEEN SIGN

An Exchange Club was formally launched in this city when a meeting was held at the People and Drivers Bank Monday evening and fourteen members were signed.

The movement for an exchange club was placed before the business men at the Thursday lunch last week of the Dutch Treat Club by a group of Dayton Exchange Club members. William G. Pickrel, prominent Dayton attorney and candidate for congress from the third district at the last election, was spokesman.

A tentative selection of officers for the new organization has been made with Forrest L. Tipton, president; Horace C. Ireland, secretary, and H. E. Daugherty, treasurer.

These men will carry forward the plans for permanent organization.

Application for a charter has been made and as soon as the papers arrive the signing of the charter members will begin. It is confidently assumed on the part of those behind the movement that two score will sign immediately.

The Exchange Club, declared to be the oldest luncheon club in existence, has national affiliations established in all the largest cities of the country.

PROCLAMATION
CALLS SOLONS
FOR APRIL 11

(By Associated Press)
Washington March 22.—A proclamation convening Congress in special session at noon, April 11th, "to receive such communications as may be made by the executive", was issued today by President Harding.

Tariff and tax revision will be the principal subject before the new Congress, but many other important subjects including the transportation problem, regulation of the packing and coal industry and immigration restrictions are expected to be taken up. None of the subjects to be considered was mentioned in the call for the session.

FEDERAL AGENTS
ARE SHOT DOWN
NEAR EL PASO

(By Associated Press)
El Paso, Texas, March 22.—S. E. Beckett and Arch Woods, federal prohibition agents, were shot to death early today while searching for liquor on a ranch owned by Neil T. Shearman, near this city.

Federal officers were informed last night that a load of liquor was to be sent across the border, according to members of the raiding party.

The prohibition agents were near a house on the ranch when commanded to halt. Continuing to advance the agents were greeted by a volley of shots from the house and Beckett and Woods both fell mortally wounded.

FRANK JACKSON
ROLLS PERFECT
BOWLING SCORE

Frank S. Jackson entered the Bowling Hall of Fame Tuesday noon at the Y. M. C. A. when he rolled a perfect score of 300 with twelve consecutive strikes.

Two teams were rolling a practice game when Jackson got away to a good start and began to mark up the strikes. When he reached his eighth perfect frame his team mates began to scent the finish and all persons in the building were called down to the scene after the ninth ball had cleared the alley.

In making the score seldom attained in a lifetime of bowling Jackson's strikes were clean. One pin seemed to quiver an instant and then fall with the others on the last ball.

Jackson was immediately the center of handshaking and recipient of congratulations when he had finished. Those who witnessed the game were Earl McLean, M. E. Hitchcock, O. W. Browne, Willard Story, Willard Willis, H. T. Wilkin, A. C. Klester and V. P. Marquis.

Jackson recently set a new mark for the local alleys when he made 261

Gregg is a left hand pitcher who has played on the college team for two years. He has also played first base and has maintained a batting average exceptionally high. He is a Senior.

RUMOR THAT FORD
VISITED THE CITY

A widespread report has been causing much discussion during the past two or three days, that Henry Ford was in the city Saturday and looked over certain property and made many inquiries regarding teams, available men, and concerning local conditions generally. Ford was supposed to have stopped off in his private car. However the "private car" was merely a train bearing a number of D. T. & L. officials, engaged in investigating the property, but Ford was not in the group.

It was started, however, that Ford will be over the road within a short time.

PLANS FOR NEW CHURCH GIVEN FULL APPROVAL

Work on New Church of Christ Will be Started in Near Future Under Present Plan.

Structure Will be Modern and Located on Present Site on North Street.

At a meeting of the Church of Christ Sunday morning plans for a new church structure, which had previously been recommended by the Building Committee and which had been unanimously approved by the Official Board, were submitted, and approved by the congregation.

For several weeks the Building Committee consisting of J. C. Vlerhome, C. P. West, John Van Gundy, Dr. W. E. Robinson and James Minshall have been working out these plans in conjunction with Architect A. A. Honeywell of Indianapolis.

The drawings outline a building of classic design, covering the site occupied by the present church edifice, the unused space in the rear, and extending several feet over the adjoining lot now owned by the congregation, on Temple street.

The Building Committee has taken special care to design a house adapted to the devotional, educational, and social needs of the community in these modern days, and the plan submitted met the hearty approval of the congregation.

The main auditorium will be nearly fifty feet square, augmented by a commodious church parlor with class rooms above. The Sunday School department separated by a rolling partition will consist of a small auditorium surrounded with a double tier of class rooms facing the main platform and adapted for departmental work.

There will be a basement under the entire structure built largely above ground and admirably adapted to religious education and social activities.

The architect will prepare the blue prints during the next few weeks and it is the plan if conditions will permit to erect the new structure during the present year.

The new edifice is expected to cost upward of \$40,000.

—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician
Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.
These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dulled eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

CHICKEN THIEF IS BOUND OVER ADMITS GUILT
George Martin in County Jail and Sid Valentine Under Guard at Hospital.
Were Headed Toward Columbus When Auto Went Into Ditch, Says Martin.

With the arrest in Jeffersonville, Monday, of George Martin, companion of Sid Valentine engaged in stealing chickens in the Bloomingburg community when their automobile laden with 63 fowls went over a bridge and nearly killed Valentine, the whole story of the theft and accident has come to light.
Martin, after pleading guilty to a joint affidavit charging himself and Valentine with the theft of the chickens, was remanded to the county jail to await action of the grand jury, and his bond fixed at \$1,000.
Martin's arrest came about as result of Chief of Police Moore obtaining information and telephoning to Jeffersonville to apprehend the fellow. When arrested Martin readily admitted his part in the crime, saying he furnished the automobile and Valentine stole the chickens. He said that one sack full was stolen from the Bitzer farm, and one sack full from Mrs. Aden Thompson.
After obtaining the chickens the two men were headed toward Columbus when the automobile, probably due to a little too much liquor mixed up with the driver, went over a small bridge into the creek below.
Martin was practically uninjured, but his companion had his jaw broken in two places, a big hole cut in his cheek and neck from which the blood poured in streams, his left shoulder shattered and otherwise badly injured.
Realizing that their machine was hopelessly wrecked, the two men removed the license tags and threw them away. The motor number had previously been cut away, or was filed away before the men left the car.
Then regardless of the probability of exposure of their identity the two men walked six miles to this city—a remarkable feat for one so badly injured.
After turning Valentine over to a physician Martin deliberately walked away and was endeavoring to work his way back to his home at 383 S. Hunter street, Columbus, when arrested.
Valentine has worked in this city and was known here. It is the opinion of the authorities that the catch is one of the best made in recent months, and that depredations on hen roosts in Fayette and adjoining counties will not be so numerous.
Valentine is still in the Fayette hospital, where a guard has been stationed over him. As soon as he is able to move he will be placed in the county jail.

TAKE THIS RIDING SIFT—BUT YOU'LL HAVE TO SEND SOME ONE OVER TO MY FATHER'S OFFICE TO COLLECT THE MONEY FOR IT.
PLEASE HURRY BACK AS I WANT TO WEAR IT THIS AFTERNOON.
YES—MISS—IF YOUR FATHER IS IN—I'LL BE BACK IN ABOUT FIVE MINUTES.
WHAT DO YOU WANT? YOU LOOK LIKE BAD NEWS.
YOUR DAUGHTER WANTS TO GET A RIDING HABIT AND SENT ME TO GET A HUNDRED DOLLARS FROM YOU.
YOU TELL HER I HAVEN'T A NICKEL RIGHT NOW SO SHE'LL HAVE TO GIT THE WALKIN' HABIT.
